Experiment 2- Design of Logo using GIMP

Step 1- Take a background layer add a image to background.

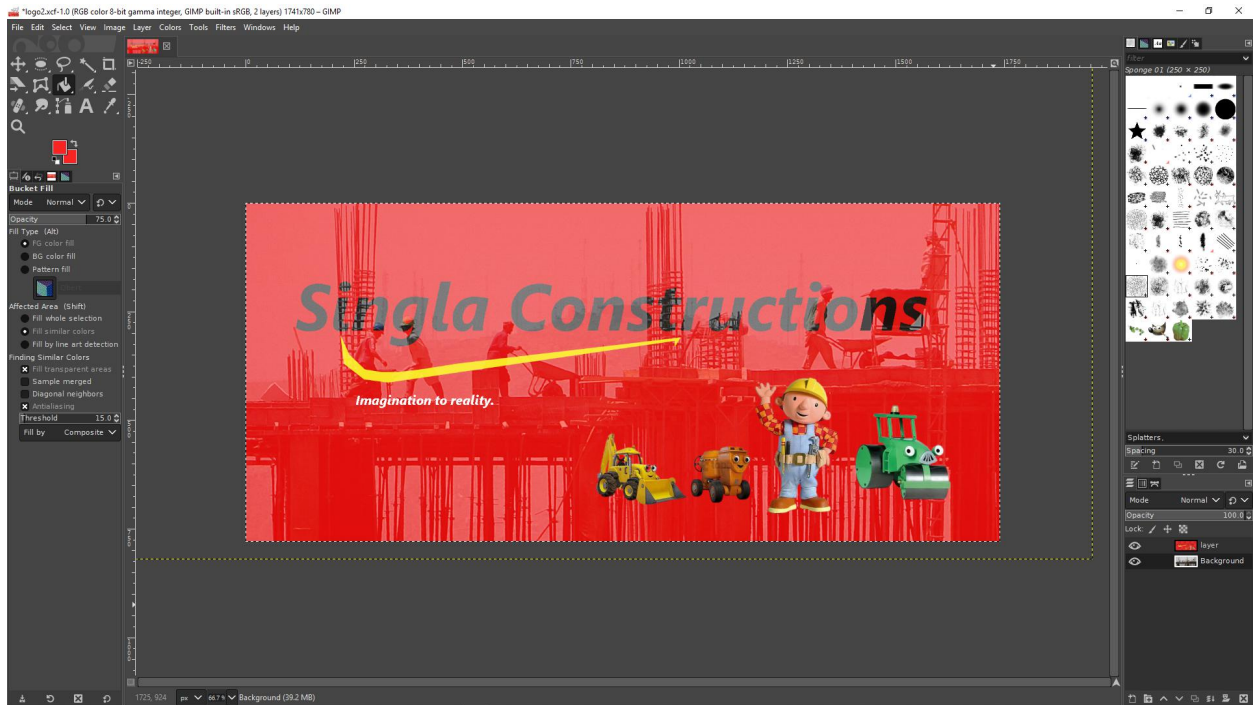

Step 2- Take a second foreground layer fill the layer with red color 70% opaque .

Step 3- Import different cartoon characters images from my files and placed them at right positions.

Step 4: Using text tool add text and using selection tool created a tick mark symbol(Filled with yellow color) and merge down all the layers.

Step 5. Export the logo as a .jpeg or .png image.
